SUMMARY

Actively seeking opportunities for professional growth, with a strong foundation in IT and hands-on experience in web development. I am eager to contribute to innovative projects and gain valuable skills for future success and continuous development.

EXPERIENCE

Junior Developer, Zucus Technology Private.Limited – Coimbatore Jan 2025 – Present

- Contributed to the development of **Alagist**, a platform that connects customers with beauty professionals for various services.
- Migrated project setup from npm to bun within a monorepo environment, optimizing package management and improving developer workflow.
- Developed a team management dashboard featuring personal overviews, performance metrics, reviews, upcoming appointments, and sales summaries, improving vendor visibility and control.
- Integrated backend APIs using Swagger documentation and ensured endpoint consistency, contributing to smooth frontend-backend communication.
